CAMBRIDGE INTERNATIONAL EXAMINATIONS GCE Ordinary Level

MARK SCHEME for the May/June 2013 series

7110 PRINCIPLES OF ACCOUNTS

7110/21

Paper 2 (Structured), maximum raw mark 120

This mark scheme is published as an aid to teachers and candidates, to indicate the requirements of the examination. It shows the basis on which Examiners were instructed to award marks. It does not indicate the details of the discussions that took place at an Examiners' meeting before marking began, which would have considered the acceptability of alternative answers.

Mark schemes should be read in conjunction with the question paper and the Principal Examiner Report for Teachers.

Cambridge will not enter into discussions about these mark schemes.

Cambridge is publishing the mark schemes for the May/June 2013 series for most IGCSE, GCE Advanced Level and Advanced Subsidiary Level components and some Ordinary Level components.

| (iv) | Credit note (1 | R & R Ltd \$590 (1) | Purchases returns \$590 (1) | Nil (1) |

[12]

[2]

- (b) To encourage early payment (2)
- (c) Gross profit to sales ratio:

 $\frac{\text{Gross profit x 100}}{\text{Revenue (sales)}} = \frac{\$12\ 000}{\$60\ 000} = 20\% \text{ (2)}$

(d) Sales revenue has increased by \$2000 (or nearly 3.45) (1) but the ratio has fallen from 33.3% to 20% (1)
An increase in profit in absolute terms does not imply a rise in profitability of sales (2)

A decrease in selling price with no decrease in cost of goods sold (2) A decrease in selling price with a less than proportionate decrease in cost of goods sold (2)

An increase in cost of goods sold with no increase in selling price (2) An increase in cost of goods sold with a less than proportionate increase in selling price (2)

Over valuation of opening inventory (2) Under valuation of inventory at close (2)

Allow reasonable alternative answers Max 6

[2]

| Page 5 | Mark Scheme | Syllabus | Paper |
|--------|-----------------------------|----------|-------|
| | GCE O LEVEL – May/June 2013 | 7110 | 21 |

(e) Enables business to see how well it has performed (2) and how profitable sales for the year are (2)

Results can be compared with previous years (2)

It enables comparisons with other like businesses in same industry (2)

It may act as a warning sign since a fall in the ratio may indicate a fall in profitability of sales (2)

It shows the percentage gross profit on sales earned (2)

Allow reasonable alternative answers Max 4
