

Worksheet 6: Two-sided argument

For each of the following questions, describe a possible advantage and a possible disadvantage, in order to create a two-sided argument. Try to expand each point to show the possible impacts.

- 1 A clothing brand outsources its production to Bangladesh.

First side of the argument – advantage	Second side of the argument – disadvantage

- 2 Local newspapers were used as the main method of advertising.

First side of the argument – advantage	Second side of the argument – disadvantage

- 3 A consumer decides to use hire purchase to purchase a car.

First side of the argument – advantage	Second side of the argument – disadvantage

- 4 An entrepreneur decides to purchase a franchise.

First side of the argument – advantage	Second side of the argument – disadvantage
