

Worksheet 1: Analysis or not answers

- | | |
|---|---|
| 1 | <i>Sentence 2</i> – the effect of the large inventory is the high cost. |
| 2 | <i>Sentence 1</i> – the effect was an increase in revenue. <i>Sentence 2</i> is just descriptive. |
| 3 | <i>Sentence 1</i> – the reaction of a change in the method of production was the ability to produce more products. <i>Sentence 2</i> states that there will be an effect, but not what it might be. |
| 4 | <i>Sentence 2</i> – shows the consequence of reducing costs. |
| 5 | <i>Sentence 1</i> – shows an effect, whereas <i>sentence 2</i> is making a judgement (which is an evaluative skill) without showing the effect of the higher income. |
| 6 | <i>Sentence 1</i> – a consequence, whereas <i>sentence 2</i> is a piece of knowledge. |
| 7 | <i>Sentence 2</i> – the effect of choosing an external source of finance, whereas <i>sentence 1</i> is making an observation. |
| 8 | <i>Sentence 2</i> – a possible effect of effective marketing, whereas <i>sentence 1</i> is showing knowledge. |
