

Worksheet 6: Who might be affected?

For each of the following business actions, identify which stakeholders might be affected by adding a spoke to the mind-map. The first stakeholder has been added for you.

1

A business is planning to use Computerised Accounting System for maintaining financial records.

The owners – may make the business more efficient – leading to lower costs and higher profitability.

2

A business starts to use JIT (Just In Time) principle for inventory management.

The public and environmental bodies – more lorries delivering supplies – more noise and pollution.

3

A business issues debentures instead of a share issue for an extension of a factory.

The investors – may lose confidence – leading to lower demand and lower share prices.

4

A business changes from being a sole trader to a public limited company.

The lenders – willing to lend more – due to increased credit worthiness.
