Paper 1 Theory

October/November 2024

1 hour 30 minutes

You must answer on the question paper.

No additional materials are needed.

INSTRUCTIONS

- Answer **all** questions.
- Use a black or dark blue pen.
- Write your name, centre number and candidate number in the boxes at the top of the page.
- Write your answer to each question in the space provided.
- Do **not** use an erasable pen or correction fluid.
- Do **not** write on any bar codes.
- You may use an HB pencil for any diagrams, graphs or rough working.

INFORMATION

- The total mark for this paper is 80.
- The number of marks for each question or part question is shown in brackets [].
- No marks will be awarded for using brand names of software packages or hardware.

This document has **12** pages. Any blank pages are indicated.

1 Analogue and digital data are used by computer systems.

(a) State **one** reason why analogue data has to be converted to digital data.

.....
.....

[1]

(b) State **one** reason why digital data might have to be converted to analogue data.

.....
.....

[1]

2 Complete each of the following sentences.

(a) Software that the user requires to carry out a task is called

.....

[1]

(b) Software that the computer requires to operate is called

.....

[1]

(c) The collective name for the physical components of a computer is

.....

[1]

(d) The component used to process instructions in a computer is called

.....
